

2016 LYNDONVILLE TRUSTEES REPORT

To the Residents of Lyndonville:

2016 was a year of change for the Village. We had to say goodbye to two of our longtime trustees, Randy Amadon and Ray Durocher. We welcomed new trustees, Doug Conly and Susan Mills. We, as a board, want to thank Randy and Ray for the many years that they served the Village. The board also had to say goodbye to Lyndonville Electric Department's general manager, Ken Mason, who served for over 40 years. At the same time, we welcomed Bill Humphrey as the new LED general manager.

After some careful planning, we are closing 2016 with a surplus of approximately \$109,000.00 which will be incorporated into the 2017 proposed budget. Also, Joe Dauphin completed his second year as our Public Works Supervisor and we are once again up to full staff for the Village Crew. We are pleased to report that after many years of planning, the Village and Town joint garage is now a reality. We believe that this new garage will serve both municipalities for many years to come.

We are continuing to work on our initiatives to improve the appearance of the Downtown. Through the work of the Village Crew, in coordination with the Village Clerk's office and many volunteers, we were able to make improvements to the appearance of the Village. We would like to extend our gratitude to Mary Waldron of Posie's Garden Designs for putting the beautiful flower arrangements together in the barrels throughout the downtown area. In addition to the flowers, Kingdom Trails placed red, white and blue painted bikes on the light poles along with the flags to celebrate each season. During the holidays, the Lyndon Chamber of Commerce once again adorned the gazebo in Bandstand Park with festive lights.

The Trustees want to thank our entire administrative staff for all of their hard work. They are all invaluable in keeping the Village running smoothly.

We appreciate the opportunity to serve our community, as well as the support you give us in this mission.
