

# LYNDON DOG POUND

802-626-PAWS

Annual Report 2015

This past year was quite uneventful in the animal control world for the Town of Lyndon.

The most exciting thing that happened, was pulling a cup off a skunks head at 2:00 in the morning. I had received a call from some concerned college students. Upon arrival at the dormitory parking lot, I found a very confused black and white fur ball staggering around bumping into the cars. It looked as if he was wearing one of those plastic cones around his neck (like the kind your dog has to wear after surgery) - but this one had a cup attached which made it impossible for the little bugger to see where he was going. So with a blanket and a little luck, "Pepe Le Pew" was freed and we didn't smell any different.

The numbers of dogs and cats that came into the pound decreased again this year! Only 17 dogs and 21 cats! Comparing to last year I had 26 dogs and 32 cats. Just five years ago, I took in 47 dogs and 79 cats. I'm not sure why it's happening, but I like it. Again, another "thank you" to the citizens of our town for being responsible pet owners!

Thank you,

Cindy Cady  
Animal Control Officer
